

TOMMASO DANIELI

Montebelluna (TV), Italy ◇ tommasod27@gmail.com

EDUCATION

Università degli Studi di Padova
MSc in Cybersecurity

2024 - 2026
Grade: 110/110 cum Laude

Università degli Studi di Padova
BSc in Computer Engineering

2021 - 2024
Grade: 110/110

EXPERIENCE

De'Longhi Group
Junior Cybersecurity Specialist

Treviso, Italy
Sep 2026 - Present

- Drive incident response and threat hunting operations, analyzing **Splunk** SIEM alerts to mitigate emerging infrastructure threats.
- Automate vulnerability management reporting via **Qualys** and coordinate remediation efforts across IT and **OT (Operational Technology)** networks.
- Enforce continuous **NIS2** compliance by actively monitoring and updating security policies for global manufacturing systems.

Cybersecurity Intern

Feb 2026 - Aug 2026

- Supported vulnerability remediation workflows and mapped security logs to improve early threat detection.
- Assisted in cross-functional risk assessments to help define foundational corporate security policies.
- Contributed to the deployment of initial security controls to protect production-critical environments.

PROJECTS

Ethical Hacking & CTF Competitions

Participant in Capture The Flag competitions. Solved challenges in Web Security, Network Forensics, Binary Exploitation and Cryptography.

Streaming Manipulation Detection using Adversarial AI

Developed an LSTM-based framework to detect streaming royalty fraud, utilizing a custom API scraper and synthetic adversarial datasets to distinguish human users from advanced bots.

Instagram Fake & Automated Account Detection

Developed a machine learning framework to identify fake engagement on social networks.

TECHNICAL STRENGTHS

Offensive Security
AI & Deep Learning
Cybersecurity Ops
Programming & Dev
Cryptography

Reverse Engineering (IDA Pro), OWASP Top 10, Burp Suite, Pwntools
PyTorch, TensorFlow, LLMs, Transformers, Adversarial ML
Splunk (SIEM), Qualys, Wireshark, Linux Hardening, **OT Security**
Python, C/C++, Java, **Docker**, **Git**, **SQL**, Bash Scripting, Scikit-learn
RSA, AES, HMAC, Elliptic Curves, PyCryptodome

LANGUAGES

Italian (Native)

English (C1)

German (B1)
